# TEGO® Glide 496

### **DESCRIPTION**

TEGO® Glide 496 provides outstanding slip and touch properties without compromising recoatability and compatibility. It is highly effective and can be used in a broad range of different coating and ink systems.

#### **KEY BENEFITS**

- excellent slip effect
- good recoatability
- excellent leveling
- excellent anti-crater properties

EFFECT		
Anti-crater effect	 	
Flow promotion		
Slip effect		
Anti-blocking		
Low foam	 	

vaterborne	solventborne
	•
2-pack 100%	radiation-curing
•	•
pigmented coatings	clear coatings
	•

## TYPICAL APPLICATIONS

- Wood coatings
- Printing Inks
- Transportation coatings
- General industrial coatings

TECHNICAL DATA	
active matter content	100 %
appearance	clear liquid
chemical description	polyether siloxane copolymer

Water	Ethanol
•	0
TPGDA	Acetone
•	•
Butylacetate	Mineral Spirits
•	•

#### RECOMMENDED ADDITION LEVEL

As supplied calculated on total formulation: 0.1 - 1.0 %

### PROCESSING INSTRUCTIONS

- Addition to the coating as supplied or as a predilution is possible.
- $\bullet \quad \hbox{Predilution in a suitable solvent simplifies dosage and incorporation}.$

#### HANDLING & STORAGE

When stored in an original unopened packaging between -20 and + 40°C, the product has a shelf life of at least 24 months from the date of manufacture.

## **MSDS & REGULATORY INFORMATION**

This information and all further technical advice are based on our present knowledge and experience. However, it implies no liability or other legal responsibility on our part, including with regard to existing third party intellectual property rights, especially patent rights. In particular, no warranty, whether express or implied, or guarantee of product properties in the legal sense is intended or implied. We reserve the right to make any changes according to technological progress or further developments. The customer is not released from the obligation to conduct careful inspection and testing of incoming goods. Performance of the product described herein should be verified by testing, which should be carried out only by qualified experts in the sole responsibility of a customer.
